The memorial of the undersigned Muttons Stall holders of the City Central Market, Bangalore City

Humbly Sheweth,

SECY LAW DEPT
21 AUG 1941
GOVT OF MYSORE

That the Municipal Council have established six markets for the sale of mutton in the Old City of Bangalore as noted below Of these the last two were added subsequent to the year 1914 A reference about these markets may be found in page 77 of the Municipal Bye-Laws dated 10th September 1914

(1) The Central Mutton Market (Mysore Road)
(2) The Kemmangundi Road Mutton Market
(3) The Tharamandalpet Mutton Market
(4) The Doddamavalli Mutton Market
(5) The Durzipet (Kattharipet) Mutton Market
(6) Old Bar Line Mutton Market

The Shops situated in the above said markets have been leased out at the rate ranging from Rs 2-8-0 to Rs 3/- per month There are 44 stalls in the Central Market all of whic have been rented out to dealers in Mutton, the annual income from the rent being about Rs 1,500/-

2 That to the disadvantage of the dealers in Municipal Mutton Markets permission has been granted latterly by the Municipality to as many as eight persons to sell Mutton in private stalls in different mohallas as noted below, not far

P T O

14-C

far away from Municipal Markets on an annual payment of Rs 5/- as license fee

(1)	Ballapurpet	1 shop
(2)	Kumbarpet	1 "
(3)	do (Tigalarpet)	1 "
(4)	Mavalli	1 "
(5)	Koracharapalya	1 "
(6)	But-fir-maidan	1 "
(7)	Magadi Road	1 "
(8)	Mission Road	1 "

3 In consequence of the above action of the Municipality the sale in the Municipal Markets has fallen to a considerable extent as could be evidenced from the fact that in the Central Market alone out of 44 stalls as many as 20 stalls are required to be kept closed, although rent at the rate of Rs 2-8-0 to Rs 3/- is being charged every month for the same

4 Further these private stall holders slaughter one or two sheep in the Slaughter house for nominal sake by paying the prescribed fee of annas three per sheep, but stealthily they slaughter a larger number of sheep in the neighbouring houses defrauding the Municipality by not paying the prescribed fees and sell the Mutton in their shops This can be proved by a personal inspection of the respective shops and examining the number of sheep slaughtered in the Slaughter house and the carcasses of sheep exhibited for sale Some of these persons were charge sheeted and convicted in Magistrates' Court for defrauding the Municipal revenue The Municipality is thus made to suffer great loss on that account This is only a subsidiary question But the major issue is that by the opening of private stalls the sale in the Municipal Markets has suffered to a considerable extent putting the memorialists to a great loss As the immediate result of this loss, the stall holders of the Central Market have not been able to pay their rent regularly and that a sum aggregating Rs 2,000/- has fallen into arrears so far

15

5 The Memorialists pray therefore that the question of these private stalls may be taken up for investigation immediately and that this being the commencement of the year no license may be granted to any of the private stalls in the Old City of Bangalore In case, if any license has been granted, it may very kindly be cancelled

6 The Memorialists do not plead that the Municipal stalls should be monopolised by them They have no objection for additional stalls being constructed in Municipal Markets and leased out to others All that they fervently pray is that except in the municipal markets no mutton should be permitted to be sold in any private stalls in the Old City of Bangalore

7 The Memorialists beg permission to mention here that in the Civil and Military Station of Bangalore private mutton stalls are not at all allowed and as a rule sale of mutton should take place only in the Municipal Markets and nowhere else The Memorialists pray that the City Municipality also may kindly follow the example of Civil and Military Station, Bangalore.

8 In conclusion they beg to submit that the mutton exhibited for sale in Municipal Markets is always subjected to inspection by the Health Department while it is not feasible for the Health Department to exercise such vigilance in private stalls which are situated in different localities far away from one another They submit therefore that in the interest of public health, in the interest of the Municipal Revenue and that in the interest of the Municipal Stall holders, permission should not be granted for the sale of mutton in any private shop in the Old City of Bangalore

Proceedings of the Health Committee dated 20-2-1942

Subject No 3 -

To consider subject No 7 of the Municipal Council dated 13-9-1941, re allotment of mutton stalls in different parts of the City and also with the Municipal Commissioner's memo No C2 C 136/41 dated 16-9-1941

-

Resolution -

The present system of a central mutton Market with Municipal sub Mutton Markets in some of the divisions and also a few licensed private mutton stalls in extensions and very desirable places has been built up after careful consideration by the Municipal Council from time to time

The Committee are of opinion that the existing arrangements may continue in regard to the location of markets and other licensed shops No new shops are recommended to be licensed in the City proper

As regards collection of accumulated arrears and facilities for monthly regular collection of rents, etc , from the stall-keepers the Municipal Commissioner is requested to kindly investigate the possibility of the contract system as suggested by some of the petitioners, or devise suitable bye-laws to enforce prompt collection of revenues

The Committee after careful investigation feel that they are unable to accept the plea for deficit collection of revenue as being due to the presence of several small mutton markets and licensed private stalls in several parts of the City and extensions

With reference to your letter No L 2573/M1 119-41-211 dated 1-9-1942, requesting to furnish certain details with regard to the arrears of rents of the Mutton Market, Bangalore City, I have the honour to furnish herewith the same, as noted below, together with a Demand, Collection and Balance statement for the months of September and October 1942 -

Arrears due for the year	No of persons who are in arrears	Amount in arrears	Steps taken for the recovery
1934-35	67 (at the end of June 1942)	Rs 10 0 0	Notices under Rule 7 of the Market byelaws have been issued to the defaulters to pay up the arrears immediately As they have not complied with the terms of the notices, notices under Section 106 of the Transfer of Property Act, will be issued and they will be proceeded against in a civil court of law, which is the only course open in the matter There are certain practical difficulties with regard to the recovery of the arrearsfrom the defaulters as these are open stalls and the existing byelaws do not provide for taking coercive steps then and there The question of amending the Municipal Act suitably in this connection is pending before the byelaw Committee

The officials concerned, viz , the Veterinary Inspector and the Mutsaddi who are in charge of the Collection work have been warned several times on account of the poor collection and their pay was witheld many times and subsequently dispensed on their assurance that they would show improvement in collection. The punishment that was last inflicted on them was that the Veterinary Inspector and the Mutsaddi were fined Rupees 5 and 3 respectively as a last chance, with the observation that they would be placed under suspension if they did not show progress in collection The Revenue Officer has also been instructed to supervise his work every now and then, watch the collections by bestowing personal attention He has been asked to submit the Demand, Collection and Balance statements every month before the disbursement of the pay of the Veterinary Inspector and the Mutsaddi

The Collection work of mutton stalls, has become a great scandal, and it is a pity that the executive have failed to give adequate attention to it At present it seems that it is solely left to the pleasure of the Veterinary Inspector, who has proved inefficient for several years The arrears that are today outstanding, are due from 1935, and legally irrecoverable Statistics reveal that every month, hardly 50% of the demand is Collected

continued P T O

For a demand of Rs 3239-0-0 for the year 1940/41, 3/
Only Rs 1569-0-0 was Collected for a demand of
Rs 273-8-0 for the month of August 1941, only
a Sum of Rs 99-8-0 was Collected for a demand
of Rs 273-8-0 for Sept 1941 only a Sum of Rs 107-8-0
was Collected for a demand of Rs 273-8-0 for the
month of August 1942, only a Sum of Rs 112-0-0
was Collected The later figures are enclosed in
This letter Thus on the whole, the Collection does
not appear to be encouraging, and unless
some radical changes in the System of Collection,
and the Collectors, are introduced, The finances
do not appear to improve periodically, The Council
is Called upon to write off the arrears as irrecoverable,
or time barred Sometimes it is pleaded that
there is no place for the present Veterinary Inspector to go from the municipality If the Government were to suggest, some means of transferring this Official from the municipality, there will be great improvement in this work, and a change in the Staff, will have its own salutary effect Recently the managing Committee have decided to Surcharge these arrears on the pay of the Veterinary Inspector who is solely responsible for its accumulation

The decision of the managing Committee dated 11 12 1942 and Revenue officer's report dated 12 11 42 are herewith enclosed for reference

Dated 6th Jan., 1943

Dear Mr Narayanaswamy Naidu,

In inviting kind reference to the note of the Vice President in forwarding my letter No No A3-157/42/ - 22-12-1942/5-1-1943, regarding the collection of the Mutton Market rents, I write to state that the expressions used by the Vice President in para 1 of his note, are unpleasant and are couched in a language not befitting the status of the - Officer remarked against

I may state in this connection that with a view to - improve the collections, I suggested to the Council the - necessity of relieving the Veterinary Inspector from this - work But they insisted on this very man being entrusted - with this work on the plea that, he, being a Muhamadan was the proper person to deal with the butchers who also belonged to the same sect I differed from the views of the Council in this respect in as much as the person entrusted with the collection work being a Mohamedan and of the same sect as of the Butchers, there would be more of lenience and the selection would not be an incentive for collection work The butchers besides do not generally pay heed to the pressure put by the collection staff and stringent action is called for against them to collect the dues as they have become habitual defaulters. To obviate these difficulties, I had suggested to the Council

sometime back to amend the existing bye-law so that distraint proceedings might be adopted to recover these arrears The Council have held that it would work hard on the lessés etc , and did not approve of my proposals As the existing bye-laws do not empower the collection staff with adequate powers to collect the arrears from these people who have become habitual defaulters the collection work in respect of the Mutton stall rents are allowed to fall into arrears inspite of earnest - attempts made by the Staff in this behalf

As regards the last para of the note, I have to say that the arrears referred to therein relate to the arrears of Boty stall rents and do not pertain to the subject matter under - advertance This question is still pending consideration - separately by the Council

The Revenue Officers have all along neglected this duty The only remedy is to file civil suits which would again result in delay The Council opposed me tooth and nail when I proposed to appoint an experienced Revenue Officer, and wanted to have an inexperienced official of the Municipality promoted as Revenue Officer If the work suffers, the Municipal Council will have themselves to thank It is unfortunate that this Municipal Council which consists of Congress party in majority are communalists and think of neither efficiency nor any other

thing except distributing patronage to men of their - communities The present Revenue Officer is responsible for deterioration in collection work But the Municipal Council have recently recommended him for further promotion With such a Council and such behaviour of the major party in condemning the collection work on the one hand and recommending the promotion of the Revenue Officer on the other, it is impossible to carry on

I am trying my best to do what I can to improve the - work with the inefficient material the Municipal Council have placed at my disposal I request that Government may be moved not to sanction the new grades proposed by the Council to the Revenue Officer and the Octroi Superintendent

The pay of the Veterinary Inspector and the Mutsaddi had been withheld for the last 8 months for poor collections and it was ordered to be drawn and disbursed only last month, on their representation, with a severe warning that the arrears should be reduced within 3 months time and that disciplinary action would be taken if they fail to do so The Revenue Officer has also been instructed to arrange for the recovery of the arrears at once by issue of notices, etc

Explanation of the Veterin ry Inspector and the Mutsaddi-

In obedience to your Memo No B8-Gl 148/42-43 dated 17-9-43, we, the undersigned beg to state that the rules are so defective and incorperative that no warrants could be issued against the defaulters or to distrain their properties in case of collection of stalls rents in the Municipal markets

We request you to kindly peruse the Section 95 of the Mysore City Municipalities Act 1933 It applies only in case of taxes and warrants could be issued and to distrain the properties, but it cannot be effected in case of shops or stalls rents

The Mutton stalls are not provided with doors If doors had been fixed to the stalls, there will be a hold and an opportunity as to obstruct them and not allow them to open the stalls, until they settle the rents of arrears

With all that, the only way is to file a civil suit against the party for the recovery of the rents There is no hope that the case may be decided soon, but it may take months and years In the meantime, the arrears would again accumulate Hence there is another trouble From experience, it is a known fact to you, Sir, it is rather hard to deal and control over these rude and stubborn butchers of the whole City and to collect the rents from them, without sufficient hold With all that every nerve has been used and a heavy amount has been collected towards the arrears and it is reduced from Rs 7,101-8-0 to Rs 1,633-8-0 Again fresh notices have been issued to the defaulters, and on the expiry of the time granted to the defaulters, drastic action will be taken against them, for the recovery of the arrears

In this connection we beg to submit that in some cases though reports about vacancies of the stalls are made, the demand is carried on in the office accounts, thereby inflating the demand The unrealised demand should be waived It amounts to Rs 642/- Including this amount the demand of Rs 7,101-8-0 is shown Actually the demand is Rs 6,559-8-0 Against this sum, the amount of Rs 4,826/- has been

51

Explanation of the Revenue Officer submitted to the Commissioner

Submitted to the Municipal Commissioner with the explanation of the Veterinary Inspector Dr Syed Hussain and the Mutsaddi Gulam Mohamed, who were at the time, when the rents of the Mutton Markets in the City were allowed to be accumulated The arrears were allowed to be accumulated from year 1934-35 to 1941-42 It was Rs 3,454-8-0 up to the end of June 1941-42 The accumulation is stated to be due to the defective rules which do not provide any coercive steps to be taken against the defaulters The only course opened to the Municipality is to proceed against the defaulters through civil court which means, delay and further accumulation Hence draft bye-laws have already been submitted proposing speedy action by adopting immediate coercive steps for recovery of rents then and there, the same may kindly be got sanctioned immediately in the interest of Municipal Revenue

The arrears were being accumulated on account of the above reason by the previous Revenue Officers, and it was Rs 3,454-8-0 as stated above This sum of Rs 3,454-8-0 has been reduced to Rs 1,633-8-0 by the undersigned during 1942-43 and till the end of August 1943 (excluding a sum of Rs 642-0-0 stated to have been taken as wrong demand on three vacant stalls)

In some cases, the amount collected during 1942-43 and the current year were adjusted towards the shops on which arrears were due There is no further accumulation of arrears during the period of the undersigned

Notices are being issued to the parties, and in cases of arrears, the dues are being recovered by instalments every month by putting pressure in the absence of bye-laws for adopting coercive steps The Veterinary Inspector and the Mutsaddi have been given three months time for further reducing the balance of Rs 1,633-8-0 as per Commissioner's order No 43-151/42-43 dated 24th September 1943 The explanation of the previous Revenue Officer may also be obtained in the matter, if necessary
